The legacy bedroom collection is now available in two finishes. Choose from the antique dark or the light honey finish to create the look that best complements your home, lifestyle and personality.

Every detail of the legacy collection from the mild distressing, patinas and rustic handles are chosen to characterise the furniture with a timeless feel. We combine the highest quality of oaks available with handcrafted techniques perfected over centuries to achieve the ageless beauty inherent in every piece.

Legacy Bedroom now comes in two colours, original warm antique brown and light honey colour. The colour of patina and handles have also been changed to enhance our new honey finish. The original legacy patina and handles are black while the new Light Legacy patina is brown and the handles are copper. The antique distressed finish is a feature of both colours. To order in the original Legacy simply drop the L after the 9 when ordering. A light honey 9L386 is 9386 when ordering in the original legacy finish.

While great care has been taken to ensure correct colour representation of furniture and fabrics in this catalogue, please remember that changes in colour can occur in printing. Our policy is one of continuous improvement and innovation. It isn't possible therefore to update our catalogue whenever specifications, designs, fabric colours or prices change. Please check with your retailer before placing an order.

Please note; the distressed finish is a feature of this collection .

*Also available as 9L232 hanging mirror (without the stand)
