The legacy collection is now available in two finishes. Choose from the antique dark or the light honey finish to create the look that best complements your home, lifestyle and personality.

Every detail of the legacy collection from the mild distressing, patinas and rustic handles are chosen to characterise the furniture with a timeless feel. We combine the highest quality of oaks available with handcrafted techniques perfected over centuries to achieve the ageless beauty inherent in every piece.

Legacy Living & Dining now comes in two colours, original warm antique brown and light honey colour. The colour of patina and handles have also been changed to enhance our new honey finish. The original legacy patina and handles are black while the new Light Legacy patina is brown and the handles are copper. The antique distressed finish is a feature of both colours. Simply add an L when ordering ie: an original 9104 table is 9L104 in light honey legacy.

Reminiscent of classic French designs, Maison is beautifully crafted from the very best selected ash. By adding a soft patina to the beaded detail we have enhanced the character and the beauty of the timber

The richly grained warm tones marry perfectly with the elegant curves and the quality of craftsmanship
